

FAI WORLD CHAMPIONSHIP
FOR PYLON RACING MODEL AIRCRAFT 2015

EUROPE | **CZECH REPUBLIC** | **OLOMOUC**

Olomouc, the pulsating metropolis of the fertile Haná region, the fifth largest city in the Czech Republic with a population of one hundred thousand, lies right at the heart of Moravia, of which it was formerly the capital. Its advantageous location between important European cities such as Vienna, Prague, Krakow and Bratislava predetermines the significance of the city to this day.

Today Olomouc is the seat of a medieval university, the archbishopric, the philharmonic, several museums, theatres and clubs, and also hosts several interesting events and festivals. For relaxation the city offers expansive parks, a popular zoo, a modern aqua park, a swimming arena or outdoor bathing at a lake, as well as a network of cycle paths.

For centuries Olomouc ranked amongst the most significant seats of the Czech kingdom, and as the natural and powerful centre of Moravia attracted leading artists, scholars, merchants and craftsmen. Its distinguished and diverse past has left the city with a superb collection of historical treasures, making Olomouc the second largest monument reservation in the country after Prague.

OLOMOUC

... Olomouc airport ■

OLOMOUC AIRPORT – A UNIQUE DOMESTIC AIRPORT ON THE OUTSKIRTS OF THE CITY

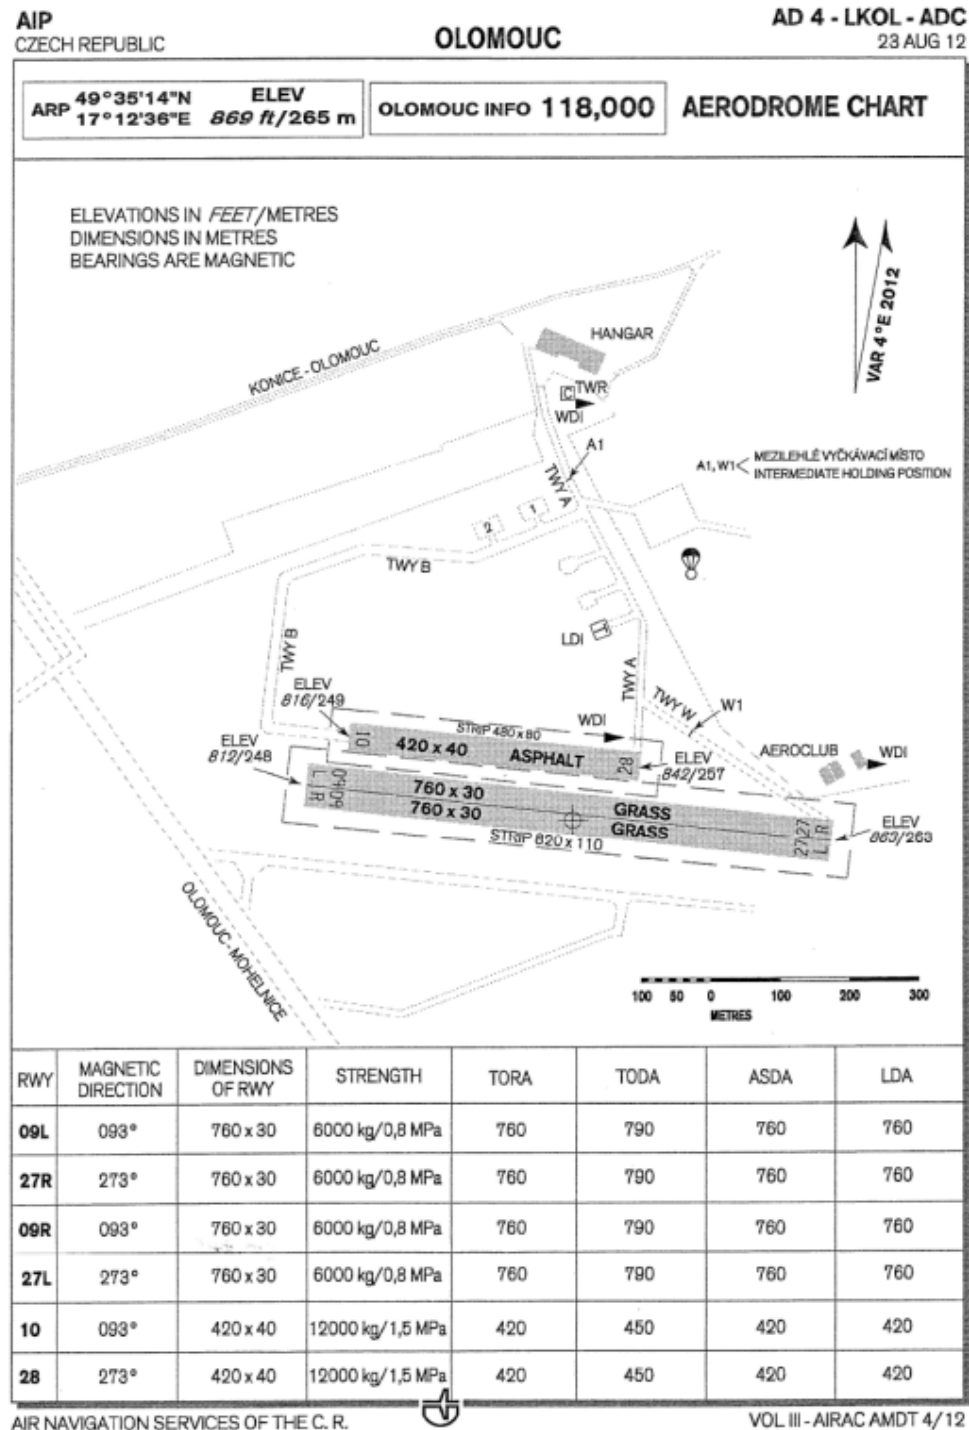

Olomouc airport is an international public airport. It is located 3,8km westwise from the Olomouc city centre in the Neředín district. Its operator is the statutory city of Olomouc. The airport is mainly used for recreational flying, airtaxi, local modelling club and local parachutist organisation. In the proximity of the airport there is a Museum of Flight and Air Ambulance service. This airport, along with the Kbely airport, is among the longest operated airports in Czech Republic.

Operation
The airport is equipped for VFR flights (according to VID sign), operation is provided from 6am to sunset. On request 24 hours in advance the airport provides customs and immigration clearance. Fuel types: AVGAS 100LL, BA 95N.

History
The history of the Olomouc airport in Neředín began in 1905, when the local military airport was established at this area. On this airport, on the date of 21st August 1910 Ing. Jan Kašpar landed with his Blériot. It was the first landing and take-off of heavier-than-air aircraft in Moravia and Silesia. During the WWI, the airport served as a military training ground alternate airport.

Facilities
The airport provides high quality facilities for both catering and refreshments and sanitary facilities at the site. Electric current (230 V, EU sockets) is provided in the whole area.

areas. Results will be published online on the
web site of the event. General spectators will be
allowed in designated areas only.**

Submitted by: **Miroslav Navratil**
President, Association of Modellers of Czech Republic

... stay overnight ■

A CITY OF MONUMENTS, PARKS AND ENTERTAINMENT, A SUPERB BLEND OF BEAUTY AND FUN

The astronomical clock on the front of the Olomouc town hall is a rarity in worldwide terms, reconstructed after World War II in socialist realist style with a procession of figures of workers, sportsmen and rural folk. The imposing beauty of the Holy Trinity Column – a UNESCO monument, the group of six baroque fountains and the modern Arion's fountain are further unique features concentrated in the historical town centre.

The cathedral and palaces on the Wenceslas mound impress visitors with one thousand years of history. It was

at this historical site, known as the Olomouc castle, that the last ruler of the Přemyslid dynasty died at the sword, and the young W. A. Mozart composed his sixth symphony here. Part of the former fortification from the era of Empress Marie Theresa, previously used as a barracks, is now a busy entertainment centre containing dozens of pubs and clubs. Meanwhile an oasis of calm is provided by the Olomouc parks or the outdoor bathing area at Poděbrady on the edge of town, with a terrace restaurant, clean water and grassy banks for sunbathing.

Olomouc is well worth a longer stay! A trip to the monumental pilgrimage church at Svatý Kopeček offers a superb view of the town and the fertile Haná plain, walks in the forest and a large zoo containing hundreds of species of animals and entertainment for all the family. The aqua park with several attractions, the vintage car museum, paths for roller skating, galleries, theatres, festivals, municipal parks and military forts and bastions, walks through picturesque countryside or tours of grandiose castles in the region provide for several days of entertainment and relaxation.

... rhapsody in green ■

JUST A FEW STEPS FROM THE STONE MONUMENTS TO THE SHADE OF TREES AND AROMA OF FLOWERS

Olomouc has also been called a "pearl in green" thanks to its alluring municipal parks and botanical garden surrounding the old centre. The famous Flora exhibition is held in the town three times a year and attracts tens of thousands of visitors.

The three expansive parks encircling the historical town centre since the 19th century provide an oasis of trees and flowers, interwoven with kilometres of paths for walking, cycling or roller skating. In spring the parks are filled with thousands of tulips and an intoxicating aroma of

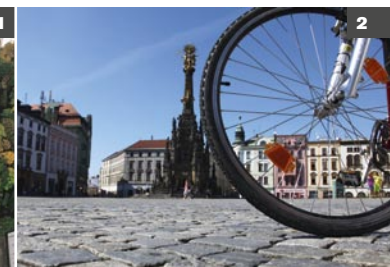

magnolia and jasmine. All year round romantic locations can be found beneath the city walls, whilst the parks also offer areas for sports or children's play areas. A popular area for rest is the Rudolf boulevard with a length of over 700 metres.

Visitors can relax by a lake with a fountain, enjoy a coffee on the terrace at the Fontána restaurant, or take a walk amongst huge cacti, exotic palms and orchids in the greenhouses. The botanical garden contains attractive plants and trees, as well as a rosary with hundreds of species of roses.

A portion of greenery is provided by the zoo at Svatý Kopeček, submerged in the forest in the hills above the town. The Poděbrady lake is a gateway to the protected landscape area of Litovelské Pomoraví, which provides an ideal location for walks and cycling trips along the meandering river Morava, with a carpet of flowers and rare types of plants.

and restaurants, whilst in the clubs you can dance till the morning.

Live musical experiences are offered in several clubs, where you can sample jazz, blues, pop, rock, hip hop or metal. In the streets of Olomouc you will also find distinctive pubs, as well as original locations for innovative and alternative genres.

There are several opportunities for active leisure in Olomouc, whether you choose dance parties or one of the modern sports grounds, the swimming arena, aqua park or the adrenaline-pumping rope centre.

Bike hire facilities are available in the centre, whilst roller skating enthusiasts can make use of a wide selection of paths. You can also arrange a guided tour of Olomouc by bike or by raft.

The town also offers a wide selection of accommodation. In addition to several guest houses and hotels of various categories, there are also cheap hostels. During the summer cheap accommodation can also be arranged in the university halls of residence.

Olomouc is an excellent location for your business and congresses.

Olomouc can be reached easily by car from several directions, with the closest international airports in Brno and Ostrava only forty minutes away. Olomouc is directly connected to Prague by high speed train, with services every hour during the day. The comfortable SuperCity Pendolino trains cover the distance to the capital in a mere two hours.

Olomouc offers countless opportunities for accommodation – from comfortable guest houses in the historical centre up to four star hotels with hundreds of beds.

Modern facilities and meeting rooms are available for congresses and seminars, as well as private salons ensuring undisturbed business meetings. For relaxation after a demanding day comfortable wellness centres, modern sports grounds, courts and indoor halls for tennis and squash are available. You can also enjoy specialities in local restaurants or active leisure on the nearby eighteen-hole golf course.

... party life ■

A LIVELY TOWN FULL OF YOUNG PEOPLE, PULSING WITH ENTERTAINMENT DAY AND NIGHT

Olomouc is a lively town full of young people, music clubs, discos, student cafes, cinemas and sports grounds. Thanks to Palacký University, the second oldest university in the Czech Republic, established in 1573, you can meet over 20 thousand students in the city streets.

The area surrounding the barracks, a preserved part of the fortifications from the era of Empress Marie Theresa just a short walk from the main square, is buzzing day and night, offering cafés, bars and wine cellars, as well as a range of Czech and international cuisine in stylish pubs

... a place for your business ■

A MODERN, GROWING AND PROSPERING CENTRE OF THE REGION

Olomouc is at a crossroads between the main cities of Central Europe. It is practically equidistant from Prague, Vienna, Bratislava or Krakow. Excellent transport connections, an ideal location, congress centres, comfortable hotels and a wide range of services and options for relaxation – Olomouc offers all of this for your working and business meetings. Prestigious research centres of Palacký University, the potential of capable and educated people, interesting projects and investments ensure the development of this modern metropolis for a population of over half a million throughout the region.

Olomouc

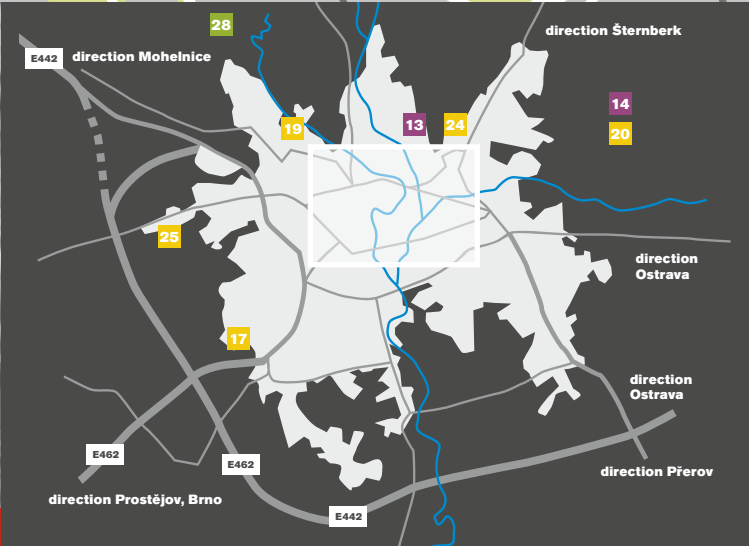

Olomouc – one of the most beautiful towns in Central Europe, for centuries the historical centre of Moravia. Baroque churches alternate with secluded corners. Towering above the town square is the spire of the cathedral, whilst the splendour of the superb palaces is heightened by the quiet charm of the cobbled streets and public areas full of flowers and greenery.

After Prague, Olomouc contains the largest concentration of monuments in the Czech Republic. It boasts a number of treasures unique in Europe, including UNESCO monuments.

Today Olomouc is a town full of students and entertainment, with attractive parks, a zoo, a modern aqua park and several cultural events, and is also known for its flower exhibitions.
